Dear Ms. Coe:

By letter dated March 18, 2021, and additional information received June 3 and 17, 2021, W&T Offshore, Inc. (W&T) requests approval of a Suspension of Production (SOP) for the High Island (HI) Block A-384 Unit, Agreement No. 754393023. The unit consists of portions of Leases OCS-G 3316, 10311, 13807, 13808, and 13809 and was held by production through April 21, 2021.

Unit production ceased on April 21, 2020, due to issues associated with the COVID-19 pandemic. The unit production platform subsequently sustained damage due to hurricanes. The platform damage repairs have been completed. W&T is requesting an SOP to allow time to hydro-test the oil pipeline and restore unit production.

In accordance with Articles IX, XVI, and XVII of the Unit Agreement and 30 CFR 250.174(b), an SOP for the High Island Block A-384 Unit is hereby approved from April 22 through July 31, 2021. W&T must notify this office, in writing, upon the commencement of production. If you have any questions, contact Mr. Mike Nixdorff at (504) 736-2660 or michael.nixdorff@bsee.gov.
